Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

G. W. Sherwold Associates, Inc. (the "Company") was incorporated in the State of California on April 14, 1994. The Company is a registered broker-dealer in securities under the Securities and Exchange Act of 1934, a member of the Financial Industry Regulatory Authority ("FINRA"), and the Securities Investor Protection Corporation ("SIPC").

The Company is engaged in business as a securities broker-dealer that provides several classes of services, including the sale of variable life annuities and mutual funds. The Company conducts the majority of its activities with customers located in Southern California.

The Company earns commissions by referring client transactions in mutual funds, variable life insurance or annuities, and other financial products and services. The Company introduced all of its securities transactions on a "subscription way basis", whereby all customers' securities applications and checks are submitted directly to the mutual fund company or variable annuity provider. Securities transactions are recorded on a settlement date basis with related commission income and expenses also recorded on a settlement date basis. Accounting principles generally accepted in the United States of America require transactions to be recorded on a trade date basis, however there is no material difference between trade date and settlement date for the Company. As of January 31, 2019, there was no receivables from mutual fund and/or variable annuity providers.

The Company also earns minor annual trailing commissions and is responsible for minor ongoing client relations duties, which are recorded in those periods as the services are performed.

The Company is also registered in the State of California as a Registered Investment Advisor, and earns advisory fees for the continuous on-going management of securities portfolios. Advisory fee income is recognized in the period earned. The Company does not custody client assets, and advisory fee income is paid to the company on a quarterly basis by the custodian of an advisory client's account by prior client authorization.

The Company has a sub-clearing agreement with Shareholders Services Group to facilitate clearing through Pershing LLC.

The Company is affiliated through common ownership with Associated Suites, Ltd. ("Associated").

Under its membership agreement with FINRA and pursuant to Rule 15c3-3(k)(2)(ii), the Company conducts business on a fully disclosed basis and does not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

**Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)**

Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounts receivable are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

Property and equipment are stated at cost. Repairs and Maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized.

The Company accounts for its income taxes in accordance with FASB ASC 740, Income Taxes. This standard requires the establishment of a deferred tax asset or liability to recognize the future tax effects of transactions that have not been recognized for tax purposes, including taxable and deductible temporary differences as well as net operating loss and tax credit carryforwards. Deferred tax expenses or benefits are recognized as a result of changes in the tax basis of an asset or liability when measured against its reported amount in the financial statements.

Advertising and marketing costs are expensed as incurred. For the year ended January 31, 2019, the Company included \$3,291 of advertising and marketing costs in other operating expenses.

The Company has evaluated events subsequent to the statement of financial condition date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

The income tax expense is composed of the following:

The Company is required to file income tax returns in both federal and state tax jurisdictions. The Company's tax returns are subject to examination by taxing authorities in the jurisdictions in which it operates in accordance with the normal statutes of limitations in the applicable jurisdiction. For federal purposes, the statute of limitations is three years. Accordingly, the Company is no longer subject to examination of federal returns filed more than three years prior to the date of these financial statements. The statute of limitations for state purposes is generally three years, but may exceed this limitation depending upon the jurisdiction involved. Returns that were filed within the applicable statute remain subject to examination. As of January 31, 2019, the IRS has not proposed any adjustment to the Company's tax position.

The Company has a defined contribution plan ("Plan") covering substantially all of its employees. Employees are required to have attained the age of 21 and to have completed one year of service in order to be eligible to participate in the Plan. The Plan does not provide for matching contributions from the employer, but the employer may make an annual discretionary contribution to the Plan. For the year ended January 31, 2019, the Company did not make a contribution under this plan.

Note 5: RELATED PARTY TRANSACTIONS

In December of 2006, the Company entered into a service agreement with Associated for certain business management services for the Company. During the year ended January 31, 2010, the Company also entered into an expense sharing agreement whereby the Company reimburses Associated for certain administrative services. Under these agreements, for the year ended January 31, 2019, the Company paid \$145,866 for administrative fees which is reflected on the Statement of Operations.

The Company also has a month-to-month office lease agreement with Associated. Total occupancy expense for the year ended January 31, 2019, was \$258,400.

As of January 31, 2019, a total of \$48,100 is owed by the Company's sole shareholder and is included in receivables from related party on the Statement of Financial Condition. This amount is non interest bearing, uncollateralized and due on demand.

It is possible that the terms of certain of the related party transactions are not the same as those that would result for transactions among wholly unrelated parties.

Note 6: CONCENTRATIONS OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk default depends of the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

Note 7: COMMITMENTS AND CONTINGENCIES

Commitments

The Company entered into a lease agreement for office equipment under a sixty month, non-cancellable lease commencing in September of 2016.

At January 31, 2019, the minimum annual payment moving forward is:

Note 8: RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

The Financial Accounting Standards Board (the "FASB") has established the Accounting Standards Codification ("Codification" of "ASC") as the authoritative source of generally accepted accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New accounting pronouncements are incorporated in the ASC through the issuance of Accounting Standards Updates ("ASUs").

Revenue Recognition

In May 2014, the Financial Accounting Standards Board ("FASB") updated the accounting guidance related to revenue recognition. The update accounting guidance provides a single, contract-based revenue recognition model to help improve financial reporting by providing clearer guidance on when an entity should recognize revenue and by reducing the number of standards to which an entity has to refer. The core principle of the new standard is that a company should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services.

The Company management has reviewed the accounting standards updates issued by the FASB that were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year ending January 31, 2019. Based upon this review, the Company has implemented the pronouncements that require adoption (if any). They have also concluded that the remaining pronouncements have either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

Leases

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which supersedes the existing guidance for lease accounting. ASU 2016-02 requires lessees to recognize leases with terms longer than 12 months on their balance sheets. It requires different patterns of recording lease expense for finance and operating leases. It also requires expanded lease agreement disclosures. Lessor accounting is largely unchanged. ASU 2016-02 is effective for the Company as of its year ending January 31, 2019.

Management has determined that ASU 2016-02 will not have a material impact on the Company's financial statements.

Note 9: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on January 31, 2019, the Company had net capital of \$359,145 which was \$353,000 in excess of it required net capital of \$6,145; and the Company's ratio of aggregate indebtedness (\$92,166) to net capital was 0.26 to 1, which is less than the 15 to 1 maximum allowed.

To the Directors and Equity Owner of G.W. Sherwold Associates, Inc.:

We have reviewed management's statements, included in the accompanying Assertions Regarding Exemption Provisions, in which (1) G.W.
